Start Your Engines and Fly Your Planes Often!

Gentlemen:

Start your engines and fly your planes often. Don't let them sit and experience what just happened to your president. My Skylane had 525 miles since OVHL, last 6 years flown only 24 miles. What a FIND! That was last May. During the 2014 annual, one cylinder was borderline, so I told the mechanic to pull the cylinder and when he looked inside the block, he saw evidence of rust, goop, and pitting. Right now my engine is on the road to Georgia for overhaul and the prop and governor are in transit. When the starter was pulled, evidence of oil/H₂O sludge showed up.

Needless to say, I am stressed over this recent development and am in the process of selling the '57 Olds. I'm sharing this with the membership because we all know guys who haven't had their planes out in months, or even years. Well, I hope and pray you won't follow in my footsteps and have better luck. Get your planes warmed up and back in the air. Join us in a fly-out; the weather will be improving and you'll be doing what you can to prevent moisture from causing internal damage to your pride and joy. So for now, I'll be waiting for my Skylane to be airworthy once again.

Happy to be your President.
Charlie Rhoads

Thank you for your support! Jerrie Mock event was a success.

The Jerrie Mock reenactment reception at Landmark Aviation on the evening of April 17th was a great success. The 402 turned out and their support that evening and financially was very much appreciated. Tom McFadden assisted by monitoring the handheld radio while

speakers warmed up the audience. Martha Lunken arrived a bit earlier than anticipated due to a strong tail wind. Those attending (and around the world via LiveATC.net) were able to listen to her speak to the tower as "one five three eight charlie", and for a minute we dreamed it was that night 50 years ago. Martha was a great sport, dressed in a blue dress and donning heels as she exited her vintage Cessna 180. Jerrie's sister Susan Reid and daughter Valerie Armentrout greeted her with flowers and Mayor Hall welcomed her. Later Irene Batty, General Manager of Landmark Aviation, presented Martha with a gas card on behalf of the Columbus Dispatch (Jerrie's original sponsor) to thank her for her participation. The Spirit of Columbus Chapter of Women in Aviation and Landmark Aviation hosted the event, and Wendy Hollinger and Dale Ratcliff constructed the stage area and backdrop. Jerrie watched and addressed the gathering via Skype. *Wendy Hollinger*

Fly-Out Report

Third Sat. Fly-out: April 19

The third Saturday in April five aircraft departed Newark (VTA) for breakfast to Salem Oh. (38D) at 8:00 am. The weather was great and the conversations were even better. Just ask Carl Braddock, the “Master Story Teller”! Let’s just say the weather was perfect and we all had to put on high boots!

Attendees:

Cessna 152: Dick and Gay Purdue;
 Cessna 172: Tom McFadden and Ken Hughes;
 Commanche: Carl Braddock and 2 guest;
 Archer II: Larry Arnold and Arnie Hartman;
 Cherokee 235: Rollie Bailey and Wendy Hollinger

First Sun. Fly-out: May 4

The first Sunday Fly-out was to Mt. Victory on May 4th. Photos below from Carl tell the story.

Third Sat. Fly-out: May 17

Several pilots arrived at the airport early to fly to Fairfield Co. (LHQ). Dick Purdue departed first only to return saying the ceiling was 900’? Jeff Wheeler also returned in his bi-wing because of the low ceiling. So we had some hanger talk and went home.

June 27: Buffet and show!

Put June 27 on your calendar for a fly-out to Celina by the Lake, where we all had a great Italian meal on our last trip there. Bearcreek Memories Dinner Theater will be taking over the shows that were shown at Bearcreek Farms until last year. On June 27th, the Van-Dells (a 50's group) will perform. Doors open at 11:30, buffet begins at 12:30 and the show is at 2 pm. This venue is only 6 miles North of the Celina airport,

so we can fly up there and enjoy the festivities and fly back in daylight. For the Van-Dells (buffet and show with priority gold seat) tickets are \$39. Celina is a good flight for tail-draggers, and if you don't want to fly but would like to join us, it's only a 2 hour drive from Newark.

I hope you'll put this event on your calendar and plan to join me. For more information give me a call at (740) 641-6361.

PARR Airport

May 2014

Hello Spring!

We hope spring is here to stay!! We are gearing up for good weather here at Parr Airport and have some exciting plans for fly-out events!!

We are also pleased to announce that Ashton will be shooting in the National Archery Competition in Louisville, KY this week! Good Luck Ashton!

Fly-Out Events

We had such a good turn out for the fly-out events last year! Thank you all for participating. Our overnight trip to Niagara Falls was changed due to the weather, so we flew to Lunken and took a taxi to Covington, where we stayed at Embassy Suites. It just so happens that Covington was having their annual Oktoberfest, so we took the trolley there for the afternoon. In the evening, we had a great time swimming at the hotel and dinner at Buckheads. There were a total of 7 kids with us so they had their own table. After dinner, the waitresses complimented on how well-behaved and polite they all were. She even told us she had never had a table of kids behave so well before! So, we're doing something right parents!!! Those who attended the overnight trip have asked that we go back there this year!
